Privacy Policy

Your privacy is important to us. Our website is not set up to automatically collect personally identifiable information from each visitor to our website. It does recognize the home server of visitors, but not e-mail addresses. For example, we can tell which Internet Service Provider our visitors use, but not the names, addresses or other information about our visitors that would allow us to identify the particular visitors to our website. This information is used only for internal purposes by our technical support staff.

Our website does track certain information about the visits to our website. For example, we compile statistics that show the numbers and frequency of visitors to our website and its individual pages. These aggregated statistics are used internally to improve our website and for product development and marketing purposes generally. Those aggregated statistics may also be provided to advertisers and other third parties, but again, the statistics contain no personal information and cannot be used to gather such information.

To prevent unauthorized access, maintain data accuracy, and ensure the correct use of information, we have put in place appropriate physical, electronic, and managerial procedures to safeguard and secure the information.

Our website contains links to other websites operated by third parties. OFFSITE BACKUP TECHNOLOGIES is not responsible for the privacy practices or policies of such third party websites and this Notice does not apply to those websites.
